La casa come un sistema di relazioni e proporzioni
che rispecchiano un ideale di armonia.

The home as a system of relationships and
proportions that reflect an ideal of harmony.

Tufty-Time 20 – Patricia Urquiola

Tufty-Time 20 rappresenta l'evoluzione contemporanea di Tufty-Time, l'iconico sistema di divani disegnato da Patricia Urquiola nel 2005. A vent'anni dal lancio, il sistema è stato reinterpretato mantenendo le caratteristiche essenziali che ne hanno decretato il grande successo, tra cui modularità, comfort avvolgente e flessibilità compositiva. I volumi, le imbottiture e l'altezza della seduta sono stati riprogettati per offrire un comfort ancora maggiore, mentre l'introduzione di un modulo curvo amplia il potenziale del sistema, dando vita a configurazioni ancora più fluide e conviviali, ideali sia per ambienti residenziali che per spazi contract. Un'attenzione particolare è stata riservata al tema della circolarità. Tufty-Time 20 è infatti completamente disassemblabile così che tutti i suoi componenti possano essere recuperati alla fine del ciclo di vita del prodotto.

Tufty-Time 20 represents the contemporary evolution of Tufty-Time, the iconic sofa system designed by Patricia Urquiola in 2005. Twenty years after its launch, the system has been reinterpreted while maintaining the essential characteristics that have decreed its great success, including modularity, enveloping comfort and compositional flexibility. The volumes, upholstery and seat height have been redesigned to offer even greater comfort, while the introduction of a curved module expands the system's potential, creating even more fluid and convivial configurations, ideal for both residential and contract spaces. Special attention has been paid to the theme of circularity. Tufty-Time 20 is in fact completely disassemblable so that all its components can be recovered at the end of the product's life cycle.

Una narrazione che non si pronuncia, ma si
percepisce: lungo le linee, sulle superfici, negli
istanti che separano le forme.

A narrative that is not spoken, but perceived
along the lines, on the surfaces, in the moments that
separate the shapes.

Icona del design contemporaneo, il divano Charles si contraddistingue per l'immagine leggera accentuata dal disegno essenziale dei piedini a forma di "L" rovesciata in pressofusione di alluminio che, insieme al disegno del bracciolo, al cuscino unico del sedile e a quelli liberi appoggiati allo schienale, è l'elemento distintivo della linea. La sua forma aerea e il segno semplicissimo lo rendono, quasi per contrapposto, estremamente ricco e innovativo sotto il profilo spaziale: un sistema con cui creare sempre nuove composizioni, dal divano lineare due o tre posti seduta al divano con chaise longue al divano angolare. Charles svela una grande eleganza formale che va al di là del tempo e delle mode. Una proposta in grado di rispondere a qualsiasi richiesta arredativa, per un comfort a propria misura, grazie al vasto numero di elementi che compongono la famiglia. Il rivestimento è in tessuto o pelle.

An icon of contemporary design, the Charles sofa is distinguished by its light image accentuated by the essential design of the upside-down "L" shaped feet in die-cast aluminium which, together with the design of the armrest, the single seat cushion and the free cushions resting on the backrest, is the distinctive element of the line. Its aerial shape and very simple sign make it, almost by contrast, extremely rich and innovative from a spatial point of view: a system with which to create ever new compositions, from the linear two or three-seater sofa to the sofa with chaise longue to the corner sofa. Charles reveals a great formal elegance that transcends time and fashion. A proposal capable of responding to any furnishing request, for comfort to your own measure, thanks to the vast number of elements that make up the family. Upholstery is in fabric or leather.

Composition 1

L'arte di progettare è un'eredità viva: cambia con il tempo ma conserva la propria identità.

The art of design is a living legacy: it changes with time but retains its identity.

Dal 2002, la serie di poltrone Metropolitan rappresenta l'eccellenza nel design delle sedute lounge, evolvendosi nel tempo per offrire soluzioni complementari e innovative. Ogni nuova versione nasce con uno scopo preciso: ampliare l'esperienza di seduta, adattandosi alle esigenze contemporanee di comfort e funzionalità. Metropolitan Relax è l'ultima evoluzione di questa iconica famiglia, progettata per offrire un nuovo livello di benessere e adattabilità. Grazie al meccanismo oscillante e al basamento girevole, la poltrona segue in modo fluido i movimenti del corpo, garantendo un sostegno impeccabile in qualsiasi posizione. Il nuovo design della parte superiore dello schienale/poggiatesta offre un supporto ottimale alla testa e alla parte superiore del corpo, favorendo ogni momento di relax. Con struttura in alluminio in due finiture e rivestita in un'ampia selezione di tessuti e pelli, Metropolitan Relax si inserisce perfettamente sia in ambienti residenziali che in spazi hospitality e uffici.

Since 2002, the series of Metropolitan armchairs has represented excellence in lounge seating design, evolving over time to offer complementary and innovative solutions. Each new version is created with a precise aim: to expand the seating experience, adapting to contemporary needs for comfort and functionality. Metropolitan Relax is the latest evolution of this iconic family, designed to offer a new level of well-being and adaptability. Thanks to its oscillating mechanism and swivel base, the armchair smoothly follows the body's movements, ensuring flawless support in any position. The new design of the upper backrest/headrest offers optimal support for the head and upper body, facilitating every moment of relaxation. With an aluminum frame in two finishes and upholstered in a wide selection of fabrics and leathers, Metropolitan Relax fits perfectly in residential as well as hospitality and office environments.

MER100_1

Classico contemporaneo, essenziale nella sua configurazione, ma estremamente flessibile, il sistema Jack è proposto in due versioni - con montanti verticali da pavimento a soffitto o con aste da fissate a muro - che consentono di realizzare librerie divisorie a centro stanza o accostate a parete. I montanti in alluminio, l'esclusivo sistema di aggancio e la regolazione telescopica per il fissaggio garantiscono la massima solidità strutturale e purezza formale. La modularità e le discrete soluzioni tecniche alla base del progetto consentono di disegnare composizioni in grado di abitare ogni ambiente e contesto d'arredo. Il sistema presenta numerosi elementi che ne arricchiscono la funzionalità: elementi contenitori con cassetti, con anta a ribalta o ante a battente e ripiani con o senza luce. Dal punto di vista estetico, tutti gli elementi strutturali sono previsti in due finiture, a cui si aggiungono il noce canaletto e quattro varianti di rovere per i ripiani e i contenitori.

A contemporary classic, essential in its configuration, yet extremely flexible, the Jack system is offered in two versions - with vertical floor-to-ceiling uprights or with rods to be fixed to the wall - to create bookcases that act as room dividers or to be placed alongside the wall. The aluminum uprights, the exclusive joining system and the telescopic adjustment for fixing ensure the maximum strength and formal pureness. The modularity and discrete technical solutions underlying the project make it possible to create compositions for every room and furnishing context. The system features numerous elements that enhance its functionality: storage units with drawers, with flap door or hinged doors, and shelves with or without light. From an aesthetic point of view, all the structural elements are available in two finishes, in addition to Canaletto walnut and four oak variants for the shelves and storage units.
