PORTE / DOORS

L A P O R T A

LaPorta è la quintessenza della porta: un'icona di design senza tempo. La collezione reinterpreta un grande classico dell'arredamento in chiave contemporanea, donando al progetto di interior un effetto visivo pulito e lineare.

LaPorta represents the quintessential door, an icon of timeless design. By reinterpreting the classical form with a contemporary approach, it redefines how we perceive traditional doors, adding a fresh twist to the classics.

CUSTOM

Progettiamo con il nostro cliente la soluzione di gusto e tecnologica più adatta all’esigenza. Grazie alla nostra esperienza e alla tecnologia di impianti all’avanguardia realizziamo prodotti unici impreziositi da pelle, metalli, vetri o materiali naturali come la raffia e la paglia di Vienna.

Together with our client, we design elegant and technological solutions that best suit each need. Thanks to our experience and cutting-edge plant technology, we create unique products embellished with leather, metals, glass or even natural materials such as raffia and Vienna straw.

NODOOR

Nodoor è la porta che scompare. La sua bellezza risiede nella capacità di fondersi con la parete, sino quasi a diventare invisibile, e di elevare il classico concetto di porta, trasformandola in un elemento d'arredo elegante e raffinato.

Nodoor is the door that disappears. Its beauty lies in its ability to blend seamlessly with the wall, becoming almost invisible and transforming the concept of a door into an elegant, subtle feature of the room.

PORTE ACUSTICHE E TAGLIAFUOCO ACOUSTIC FIRE RATED DOORS

Le porte Tagliafuoco combinano design, stile e tecnologia, offrendo un'elevata resistenza al fuoco. La scelta ideale per il mondo hospitality, perché sintesi perfetta di sicurezza, estetica, funzionalità e personalizzazione.

Acoustic door combines aesthetic flexibility, style, and advanced fire-resistant technology, making it the perfect choice for hospitality environments where safety and elegance are equally prioritized.

Porte tagliafuoco EI 30 laccate blu con maniglia
Effe Modern blu-pelle blu / Fire-rated doors EI 30
lacquered blue with Effe Modern blue leather-blue handle

Porta tagliafuoco in legno canaletto con maniglia Effe Modern
canaletto-marrone scuro

Fire-rated door in canaletto wood with Effe Modern canaletto-dark brown
handle

Porte tagliafuoco e isolanti in legno, che offrono il massimo livello di sicurezza, senza però rinunciare al design. Certificate per resistere al fuoco e ai fumi, garantiscono la perfetta integrazione nel progetto Hotel.

EI30 o EI60, oltre a garantire la resistenza al fuoco fino a 60 minuti, offrono un isolamento acustico fino a 41 db. Speciali guarnizioni intumescenti e 5 rostri di tenuta sono i plus tecnici di queste porte, presenti lungo il perimetro caratterizzano l'anta e anche il telaio. La ghigliottina sotto ogni porta garantisce l'isolamento acustico.

Chiudiporta integrati, aperture elettroniche ed altri ricercati accessori, permettono la massima personalizzazione. Le porte tagliafuoco possono essere integrate a boiserie o sistemi armadio in coordinato.

Fire-rated and insulating wooden doors, which offer the highest security level without sacrificing design. Certified for fire and smoke resistance, they guarantee perfect integration into Hotel projects.

EI30 or EI60, in addition to guaranteeing fire resistance up to 60 minutes they offer acoustic insulation up to 41 dB. Special intumescent gaskets and 5 sealing bolts are the technical pluses of these doors. With their presence along the perimeter, these elements characterize the door as well as the frame, while the guillotine at the bottom provides acoustic insulation. Integrated door closers, electronic openings and other sophisticated accessories allow maximum customization. Fire doors can be integrated with wall panelings or coordinated wardrobe systems.

IL MONDO CLASSICO THE CLASSICAL WORLD

“Conservare la memoria di un luogo” è l’obiettivo con cui nasce la collezione Mondo Classico. La soluzione perfetta per restaurare ogni ambiente con l’eleganza senza tempo del legno declinato nei colori Effebiquattro: dalla patinatura alle lussuose applicazioni in foglia oro ed argento.

Preserving the memory of a place: the Classical World is the perfect solution to renovate existing settings. It allows to customize with the timeless elegance of wood in classic Effebiquattro colors, with patina or gold and silver laminates.

SISTEMA BOISERIE BOISERIE SYSTEM

Boiserie – un sistema integrato di materiali, colori e superfici – diventa un elemento di raccondo con pareti, porte e armadi creando una continuità di stile, per un design coerente, una piacevole armonia visiva e ambienti sempre più personalizzati.

Boiserie, an integrated system with identical materials, colors, surfaces and proportions, seamlessly connects walls, doors and cabinets. The result is a coherent and well-designed space.

Boiserie in legno cannettato di rovere
scuro / Wall paneling in dark fluted oak

Pannelli modulari che permettono di creare continuità con l'elemento porta e la parete circostante. Realizzati a disegno possono essere semplici, cannettati o con applicazioni. Prodotto realizzato a progetto.

Modular panels that allow continuity with the door and the surrounding wall. Custom designed, they can be smooth, fluted or with applications. Product made on demand.

SISTEMA ARMADI WARDROBE SYSTEM

Il sistema armadi è sinonimo di duttilità: le molteplici finiture e i vari accessori possono essere combinati con i diversi stili di armadio EffeBiquattro.

The wardrobe system is versatile, as the finishes and accessories can be adapted to the different types of wardrobes.

Armadio in raffia tonalità media / Medium shade raffia wardrobe

Sistema armadio versatile. Può essere realizzato in continuità con la parete nella stessa finitura.
Caratteristiche principali: ante tamburate e cerniere a scomparsa. È disponibile una variante rasomuro.
Misure e finiture a progetto.

Versatile wardrobe system. When realized in the same finish, it gives continuity with the wall. Main features: honeycomb doors and concealed hinges. A flush-to-the-wall variant is available.
Size and finish custom-made.
