des. P. Urquiola

VICTORIA GHOST chair
des. P. Starck

This catalogue was printed using 100% self-generated electricity produced using photovoltaic panels and other renewable sources.

This catalogue is printed on "Burgo Selena Green" natural wood-free pure cellulose machine-made paper with a handmade look, for luxury printing. Bleached without the use of chlorine and ECF (Elemental Chlorine Free) certified; 100% recyclable and FSC® certified for the responsible management of the world's forests.

The inks used for the printing process are vegetable-based and mineral oil-free. The oil carrier in which the coloured pigments are dissolved is obtained from specially cultivated plant seeds, further limiting CO₂ emissions. The use of solvents and additives containing VOCs (volatile organic compounds) has been eliminated from the entire printing process.

rete clima

The printing presses used are CO₂ Neutral certified, and the printer offsets the inevitable additional CO₂ emissions associated with the production process with reforestation activities managed by Rete Clima.

Project and Art Direction
Ferruccio Laviani

Graphic Design
Alessandro Pensotti
